

1mm Accuracy Immersion Testing Machine For IEC 60529 Standard And Steel Ruler Testing

Our Product Introduction

for more products please visit us on raintestchambers.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: YUEXIN
- Certification: ISO 20653,DIN 40050,IEC 60529
- Model Number: YX-IPX8-50A-250L
- Minimum Order Quantity: 1 Pcs
- Price: Usd+20000-50000+pcs
- Packaging Details: Wooden Box Package
- Delivery Time: 30-45 Days
- Payment Terms: T/T
- Supply Ability: 100+pcs+30

Product Specification

- Standard: IEC 60529, GB 4208, ISO20653
- Controller: Touch Screen
- Steel Ruler Accuracy: 1mm
- Experimental Scenarios: Immersion Environment
- Operating Scenarios: Immersion Environment
- Product Title: IPX78 Water Immersion Test Chamber
- Warranty: 1 Year
- Control System: PLC And Touch Screen
- Highlight: Steel Ruler Immersion Testing Machine,
1mm Accuracy Immersion Testing Machine,
IEC 60529 Immersion Testing Machine

Product Description

1mm Accuracy Immersion Testing Machine for IEC 60529 Standard and Steel Ruler Testing

Product Description:

The IPX78 Water Immersion Test Chamber is a state-of-the-art water immersion test equipment designed to meet the rigorous testing requirements for IPX7 and IPX8 waterproof ratings. This specialized chamber is ideal for conducting immersion environment tests on various electronic devices, components, and products.

With a sturdy construction and advanced technology, this IPX78 water immersion test equipment ensures reliable and accurate testing results. The chamber is built to withstand immersion in water up to specific depths, allowing for thorough evaluation of a product's resistance to water ingress under different conditions.

One of the key features of the IPX78 Water Immersion Test Chamber is its steel ruler accuracy of 1mm, providing precise measurements and consistent testing parameters. This level of accuracy is essential for ensuring the reliability and repeatability of test results, making it a valuable tool for quality control and product development.

The user-friendly interface of the chamber is another highlight, with a touch screen controller that allows for easy operation and monitoring of test processes. The touch screen interface provides intuitive navigation and control options, streamlining the testing procedures and enhancing overall efficiency.

When you invest in the IPX78 Water Immersion Test Chamber, you can have peace of mind knowing that it comes with a 1-year warranty, ensuring that the equipment is protected against any manufacturing defects or malfunctions. This warranty period reflects the high quality and durability of the chamber, making it a reliable long-term solution for your water immersion testing needs.

In conclusion, the IPX78 Water Immersion Test Chamber is a cutting-edge solution for conducting water immersion tests with precision and accuracy. Its robust design, advanced features, and user-friendly interface make it an indispensable tool for evaluating the waterproof capabilities of various products. Whether you are testing electronic devices, components, or other items, this chamber provides the reliability and performance you need to ensure product quality and compliance with waterproof standards.

Features:

- Product Name: IPX7-8 Water Immersion Test Equipment
- Steel Ruler Accuracy: 1mm
- Standard: IEC 60529, GB 4208, ISO20653
- Controller: Touch Screen
- Control System: PLC And Touch Screen
- Experimental Scenarios: Immersion Environment

Technical Parameters:

Product Title	IPX78 Water Immersion Test Chamber
Steel Ruler Accuracy	1mm
Material	Stainless Steel
Warranty	1 Year
Control System	PLC And Touch Screen
Experimental Scenarios	Immersion Environment
Operating Scenarios	Immersion Environment
Standard	IEC 60529, GB 4208, ISO20653
Controller	Touch Screen

Applications:

The Yuexin IPX78 Water Immersion Test Chamber is a top-of-the-line product designed for conducting immersion soaking tests in various environments. With its IPX8 waterproof chamber, this equipment is ideal for testing the water resistance of different devices and products. Manufactured in China, the Yuexin Water Immersion Test Equipment meets the highest quality standards, holding certifications such as ISO 20653, DIN 40050, and IEC 60529. This ensures reliable and accurate testing results for your products. Whether you are in the electronics, automotive, or other industries requiring waterproof testing, this chamber is a must-have tool. The minimum order quantity is only 1 piece, making it accessible for both small and large businesses. With a price range of USD 20,000 to 50,000 per piece, the Yuexin IPX78 Water Immersion Test Chamber offers excellent value for its advanced features. It comes packaged in a sturdy wooden box for safe transportation and delivery within 30-45 days. The payment terms for this equipment are T/T, providing a convenient and secure transaction process for buyers. The Yuexin Water Immersion Test Equipment has a supply ability of over 100 pieces every 30 days, ensuring availability for your testing needs. Equipped with a touch screen controller, operating the chamber is user-friendly and efficient. The steel ruler accuracy of 1mm guarantees

precise measurements during tests, contributing to the reliability of your results.

Additionally, the product comes with a 1-year warranty, giving you peace of mind regarding its performance and durability. The IPX78 Water Immersion Test Chamber is suitable for immersion environments, making it versatile for a wide range of testing scenarios.

Customization:

Product Customization Services for the **IPX78 Water Immersion Test Chamber** :

- Brand Name: **Yuexin**
- Place Of Origin: **China**
- Certification: **ISO 20653, DIN 40050, IEC 60529**
- Minimum Order Quantity: **1 Pcs**
- Price: **Usd+20000-50000+pcs**
- Packaging Details: **Wooden Box Package**
- Delivery Time: **30-45 Days**
- Payment Terms: **T/T**
- Supply Ability: **100+pcs+30**
- Material: **Stainless Steel**
- Product Title: **IPX78 Water Immersion Test Chamber**
- Standard: **IEC 60529, GB 4208, ISO20653**
- Operating Scenarios: **Immersion Environment**
- Warranty: **1 Year**

Customize your **immersion soaking test chamber** with the following options:

- Water immersion test equipment
- IPX8 Water Immersion Tank
