Basic Information

- Place of Origin: Guangdong, China
- Brand Name: YUEXIN
- Certification: ISO 20653,DIN 40050,IEC 60529
- Model Number: YX-IPX8-50A-350L
- Minimum Order Quantity: 1 Pcs
- Price: Usd+20000-50000+pcs
- Packaging Details: Wooden Box Package
- Delivery Time: 30-45 Days
- Payment Terms: T/T
- Supply Ability: 100+pcs+30

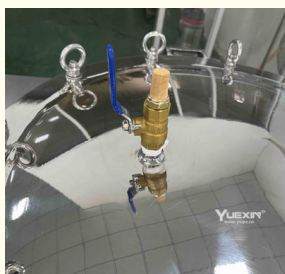

Product Specification

- Controller: Touch Screen
- Material: Stainless Steel
- Warranty: 1 Year
- Operating Scenarios: Immersion Environment
- Product Title: IPX78 Water Immersion Test Chamber
- Steel Ruler Accuracy: 1mm
- Control System: PLC And Touch Screen
- Standard: IEC 60529, GB 4208, ISO20653
- IP Rating: IPX8
- Highlight: **High Accuracy Water Immersion Test Equipment**
, Industrial Water Immersion Test Equipment,
IPX7-8 Water Immersion Test Equipment

Product Description

1mm Steel Ruler High Accuracy Steel Ruler Steel Ruler IPX7-8 Water Immersion Test Equipment for Immersion Environment

Product Description:

The IPX7-8 Water Immersion Test Equipment is a cutting-edge product designed for conducting immersion tests on various electronic devices and products. It features a sturdy and reliable construction made of high-quality stainless steel, ensuring durability and longevity in demanding testing environments.

Equipped with a sophisticated control system comprising a PLC and a user-friendly touch screen interface, this immersion test equipment offers precise and efficient operation. The touch screen controller allows users to easily set parameters, monitor the testing process, and make adjustments as needed, enhancing overall usability and control.

The IPX7-8 Water Immersion Test Equipment is specifically designed for testing products in immersion environments, making it an essential tool for manufacturers, quality control labs, and research institutions. With its IPX8 Water Immersion Tank, this equipment provides a controlled setting for conducting tests according to international standards, ensuring accurate and reliable results.

One of the key features of this immersion test chamber is its versatility in accommodating different types and sizes of test samples. The spacious tank allows for testing of large devices or multiple smaller products simultaneously, maximizing efficiency and productivity in testing procedures.

With a comprehensive 1-year warranty, users can have peace of mind knowing that this immersion test chamber is backed by a guarantee of quality and performance. In the rare event of any issues or defects, the warranty ensures that the equipment will be promptly repaired or replaced, minimizing downtime and disruptions to testing operations.

Whether testing consumer electronics, industrial equipment, or automotive components, the IPX7-8 Water Immersion Test Equipment offers a reliable and efficient solution for evaluating the waterproof capabilities of products. Its robust design, user-friendly controls, and precise testing capabilities make it an invaluable asset for any organization seeking to ensure the reliability and durability of their products.

Features:

Product Name: IPX7-8 Water Immersion Test Equipment

Control System: PLC And Touch Screen

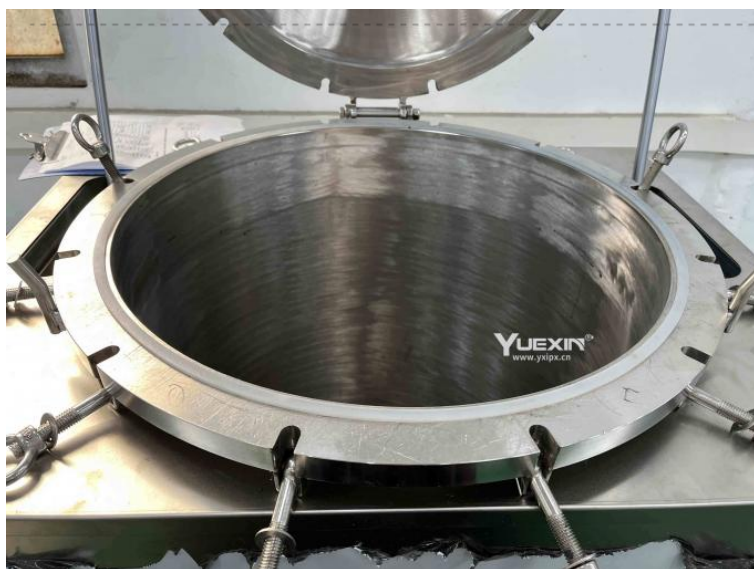

Controller: Touch Screen

Steel Ruler Accuracy: 1mm

Warranty: 1 Year

Operating Scenarios: Immersion Environment

Technical Parameters:

Operating Scenarios	Immersion Environment
Control System	PLC And Touch Screen
Standard	IEC 60529, GB 4208, ISO20653
Product Title	IPX78 Water Immersion Test Chamber
Material	Stainless Steel
Steel Ruler Accuracy	1mm
Warranty	1 Year
Experimental Scenarios	Immersion Environment
Controller	Touch Screen

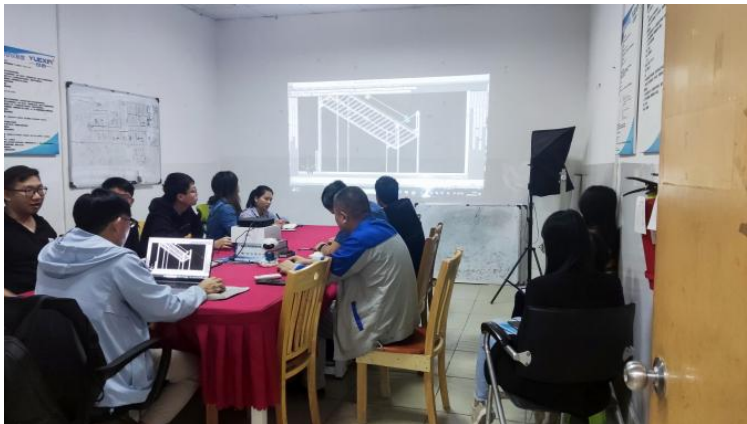

Applications:

The Yuexin IPX78 Water Immersion Test Chamber is a top-of-the-line immersion testing machine designed for a wide range of applications and scenarios. This IPX8 waterproof chamber is perfect for conducting water immersion tests in various industries, ensuring that products meet the required standards for water resistance. With its certification including ISO 20653, DIN 40050, and IEC 60529, you can trust the reliability and quality of this water immersion test equipment. Hailing from China, the Yuexin brand is known for its innovative solutions and cutting-edge technology. Whether you are in the manufacturing, electronics, or automotive industry, this immersion testing machine is essential for ensuring the durability and performance of your products in wet conditions. The product has a steel ruler accuracy of 1mm, guaranteeing precise and accurate results. When it comes to packaging and delivery, the IPX78 Water Immersion Test Chamber comes in a sturdy wooden box package to ensure safe transportation. The minimum order quantity is 1 piece, with a price range of USD 20,000 to 50,000 per piece. With a supply ability of over 100 pieces within 30 days, you can rely on timely delivery of this essential piece of equipment. The payment terms are convenient with T/T accepted. The control system of this IPX8 waterproof chamber is equipped with a PLC and touch screen interface, making it user-friendly and efficient to operate. Additionally, the product comes with a 1-year warranty, providing you with peace of mind regarding its performance and durability. For all your immersion testing needs and scenarios, the Yuexin IPX78 Water Immersion Test Chamber is the ideal solution. Trust in its quality, reliability, and accuracy to ensure your products meet the necessary water resistance standards.

Customization:

Product Customization Services for the IPX78 Water Immersion Test Chamber:
Brand Name: Yuexin
Place Of Origin: China
Certification: ISO 20653, DIN 40050, IEC 60529
Minimum Order Quantity: 1 Pcs
Price: Usd+20000-50000+pcs
Packaging Details: Wooden Box Package
Delivery Time: 30-45 Days
Payment Terms: T/T
Supply Ability: 100+pcs+30
Product Title: IPX78 Water Immersion Test Chamber
Operating Scenarios: Immersion Environment
Controller: Touch Screen
Standard: IEC 60529, GB 4208, ISO20653
Steel Ruler Accuracy: 1mm
