

Accurate Steel Ruler Measurements With Immersion Test Equipment In Stainless Steel

Our Product Introduction

for more products please visit us on rainestchambers.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: YUEXIN
- Certification: ISO 20653,DIN 40050,IEC 60529
- Model Number: YX-IPX8-50A-500L
- Minimum Order Quantity: 1 Pcs
- Price: Usd+20000-50000+pcs
- Packaging Details: Wooden Box Package
- Delivery Time: 30-45 Days
- Payment Terms: T/T
- Supply Ability: 100+pcs+30

Product Specification

- Operating Scenarios: Immersion Environment
- Material: Stainless Steel
- Control System: PLC And Touch Screen
- Steel Ruler Accuracy: 1mm
- Standard: IEC 60529, GB 4208, ISO20653
- Product Title: IPX78 Water Immersion Test Chamber
- Controller: Touch Screen
- Warranty: 1 Year
- Simulation Depth: 50 M
- Highlight: **Stainless Steel Immersion Test Equipment, Accurate Immersion Test Equipment**

Product Description

Accurate Steel Ruler Measurements with Immersion Test Equipment in Stainless Steel

Product Description:

The IPX78 Water Immersion Test Chamber is a high-quality water immersion test equipment designed for conducting immersion soaking tests in various environments. Constructed with durable stainless steel material, this immersion tank is built to withstand the rigors of water testing scenarios.

Featuring a user-friendly touch screen controller, the IPX78 Water Immersion Test Chamber offers easy operation and precise control over the testing parameters. The touch screen interface allows for convenient adjustments and monitoring, enhancing the efficiency and accuracy of the immersion tests.

With its IPX8 rating, this water immersion test equipment is ideal for simulating immersion environments to evaluate the waterproof performance of products. The IPX78 Water Immersion Test Chamber provides a controlled setting for conducting immersion tests on a wide range of devices, ensuring reliable and consistent results.

Equipped with advanced features, the IPX78 Water Immersion Test Chamber is designed to meet the demands of testing laboratories, quality control departments, and research facilities. Its sturdy construction and reliable performance make it a valuable tool for assessing the water resistance of products in various industries.

Backed by a 1-year warranty, the IPX78 Water Immersion Test Chamber offers peace of mind and assurance of quality. Customers can rely on this immersion soaking test chamber to deliver accurate and repeatable results, making it a trusted choice for water immersion testing applications.

Features:

Product Name: IPX7-8 Water Immersion Test Equipment

Operating Scenarios: Immersion Environment

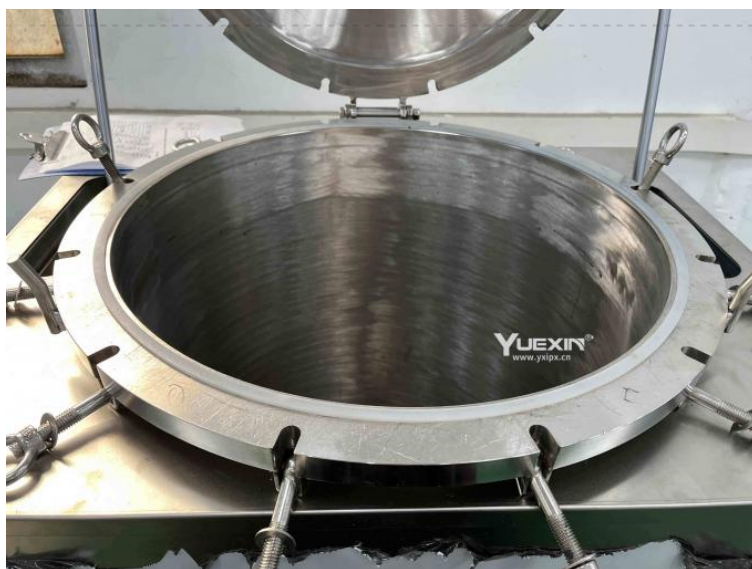

Experimental Scenarios: Immersion Environment

Controller: Touch Screen

Warranty: 1 Year

Steel Ruler Accuracy: 1mm

Technical Parameters:

Control System	PLC And Touch Screen
Controller	Touch Screen
Experimental Scenarios	Immersion Environment
Product Title	IPX78 Water Immersion Test Chamber
Standard	IEC 60529, GB 4208, ISO20653
Warranty	1 Year
Steel Ruler Accuracy	1mm
Operating Scenarios	Immersion Environment
Material	Stainless Steel

Applications:

The Yuexin IPX78 Water Immersion Test Chamber is a top-of-the-line product designed and manufactured in China, meeting the highest standards of quality and performance. With certifications including ISO 20653, DIN 40050, and IEC 60529, this immersion test equipment is guaranteed to deliver accurate and reliable results.

Whether you are in need of a single unit or a larger quantity, the minimum order quantity for this product is just 1 piece, making it accessible for a wide range of applications. The price range for the IPX78 Water Immersion Test Chamber is USD 20000 to 50000 per piece, ensuring competitive pricing for such a high-quality product.

When it comes to packaging, the product is securely packed in a wooden box package to prevent any damage during transportation. With a delivery time of 30-45 days, you can rest assured that your order will arrive in a timely manner. Payment terms for the IPX78 Water Immersion Test Chamber are flexible, with T/T being accepted.

With a supply ability of over 100 pieces per month, the Yuexin IPX78 Water Immersion Test Chamber is readily available to meet your needs. The controller for this product is a user-friendly touch screen, making operation easy and efficient.

Operating scenarios for the IPX78 Water Immersion Test Chamber include immersion environments, making it ideal for conducting immersion soaking tests. The product complies with standards such as IEC 60529, GB 4208, and ISO20653, ensuring accuracy and consistency in test results.

Equipped with a sophisticated control system using PLC and touch screen technology, the IPX78 Water Immersion Test Chamber offers precise control and monitoring capabilities. Whether you are in research and development, quality control, or product testing, this immersion test chamber is a reliable and essential tool for your operations.

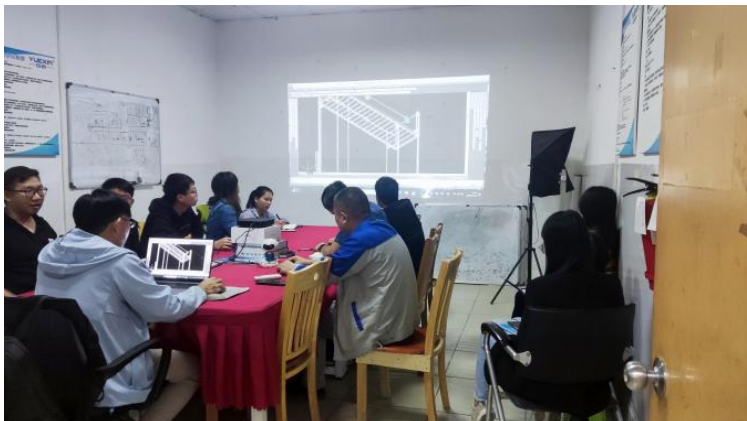

Customization:

Product Customization Services for the IPX78 Water Immersion Test Chamber :

- Brand Name: **Yuexin**
- Place Of Origin: **China**
- Certification: **ISO 20653, DIN 40050, IEC 60529**
- Minimum Order Quantity: **1 Pcs**
- Price: **USD 20000-50000+pcs**
- Packaging Details: **Wooden Box Package**

- Delivery Time: **30-45 Days**
- Payment Terms: **T/T**
- Supply Ability: **100+pcs+30**
- Material: **Stainless Steel**
- Controller: **Touch Screen**
- Standard: **IEC 60529, GB 4208, ISO20653**
- Operating Scenarios: **Immersion Environment**
