

IPX8 Waterproof Testing Equipment with 0-50m Water Depth and 220V Power for Diving Test Applications

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: YUEXIN
- Model Number: YX-JL-QF50-10L
- Minimum Order Quantity: 1
- Price: \$4,655.07-5,289.85

Product Specification

- IP Code: IPX8
- Weight: 80kg
- Inner Size: Diameter 200 × Hight 300mm
- External Size: 550×450×600mm
- Tank Thickness: 20mm
- Tank Material: Polymethyl Methacrylate (PMMA)
- Flange Thickness: 25mm
- Flange Material: Steel Stainless
- Sample Pallet Size: Diameter 180mm
- Distance To Bottom: 145mm
- Pressure Error: ±0.002Mpa
- Sensor Accuracy: 0.001Mpa
- Pressure Range: 0-0.5Mpa
- Max Limit Pressure: 0.6Mpa
- Voltage: 220V

Product Description

Bracelet Waterproof Testing Equipment IP68 Diving Test Equipment

Professional testing equipment designed for IP68 waterproof certification of bracelets and other small devices through diving tests.

Product Parameters

Model	YX-JI-Q50-10L
Inner Size	Diameter 200 × Height 300mm
External Size	550×450×600mm
Tank Thickness	20mm
Tank Material	Polymethyl methacrylate (PMMA)
Flange Thickness	25mm
Flange Material	Stainless Steel
Sample Pallet Size	Diameter 180mm
Distance from Pallet to Bottom	145mm
Equipment Weight	100kg
Pressure Control	Auto control
Pressure Error	±0.002Mpa
Sensor Display Accuracy	0.001Mpa
Test Water Depth Range	0-50m
Pressure Range	0-0.5Mpa
Relief Valve Exhaust Pressure	0.55Mpa
Max. Limit Pressure	0.6Mpa
Sample Tray Lifting Speed	Non-adjustable (pre-factory setting)
Dwell Time	0-9999s
Automatic Pressure Reduction Delay	0-9999s (manual adjust)
Test Delay Time Protective Device	0~9999s
Air Intake Adjustment Mode	Manually adjust the pressure regulating valve
Voltage	220V
Power	100w

Company Information

Guangzhou Yuexin Test Equipment Co., LTD., established in 2013, covers an area of 2350 square meters and employs approximately 50 people. We have rich experience in the test equipment industry. In the last decade, we have been dedicated to providing IP waterproof testing, IP dustproof testing and other environmental testing equipment.

- Professional R&D team enables custom product development
- Excellent after-sales service with quick response times
- Nominated supplier for BYD, DJI, CATL and other major companies
- Global distribution network
- 25 patents granted
- ISO9001 certified quality management system

Our product range includes: IPX1/2 dripping test chamber, IPX3/4 rain test chamber, IPX5/6 water spray test chamber, IPX7/8 immersion testing machine, IPX9K high pressure spray test chamber and IP5/6X dustproof test chamber.

Our Services

Packaging & Shipping

Strong standard wood case packaging for IEC 60529 IPX9 Water Testing Machine Rain Spray Test Chamber. Shipping port: Guangzhou.

Frequently Asked Questions

1. Are you a manufacturer? Do you offer after-sales service? How can I ask for that? And how about the warranty?

Yes, we are professional manufacturers of waterproof and dustproof test equipment in China. Every machine purchased from our factory comes with a 12-month warranty after shipment. We offer free maintenance during the warranty period, with an additional 2 months allowance for sea transportation. Warranty includes parts replacement, repairs, and technical support, with potential on-site service by our engineers if necessary. For service requests, contact us via email or phone - we typically provide solutions within 24-48 hours after problem confirmation.

2. What's the delivery term?

Standard machines are typically available from stock. For non-stock items, normal delivery time is 15-20 working days after deposit receipt. Urgent orders can be accommodated with special arrangements.

3. Do you accept customization service? Can I have my logo on the machine?

Yes, we offer both standard and customized machines according to customer requirements. We provide OEM and ODM services, including adding your logo to the equipment.

4. How can I install and use the machine?

We provide English operation videos via email with each order. Most machines ship fully assembled - you only need to connect the power cable to begin operation. When necessary, we can assist with on-site installation.
