

IEC60068 Standard IPX7 Waterproof Test Chamber with LED Light and 1 Year Warranty for Water Soaking Tests

Our Product Introduction

for more products please visit us on raintestchambers.com

Basic Information

- Place of Origin: Guangdong, china
- Brand Name: YUEXIN
- Model Number: YX-IPX7
- Minimum Order Quantity: 2
- Price: \$20,000-30,000

Product Specification

- Inner Size: L600*D600*H1200mm
- External Dimensions: L745*D680*H1350mm
- Maximum Test Depth: 1.1 M
- Inner Box Thickness: 1.5mm
- Observation Window Thickness: 12mm
- Observation Window Width: 200mm
- Water Level Accuracy: 1mm
- Rack Material: Stainless Steel
- Water Stop Valve: Installed
- Inlet/outlet Valve: Manually Adjustable
- Water Level Display: Stainless Steel Ruler
- Chassis Material: Stainless Steel
- Casters Type: Heavy-duty
- Power Type: Electronic

Product Description

IEC60068 IPX7 Waterproof Test Chamber with LED Light

Professional IPX7 water soaking test machine for comprehensive waterproof testing of electronic components, electrical products, and various industrial equipment.

Key Features

Heavy-Duty Mobility

Stainless steel chassis equipped with heavy-duty casters and foot cups for easy movement and secure fixation.

Convenient Water Management

Water inlet and outlet pipes installed under the water tank for easy installation and drainage.

Precision Measurement

Water tank equipped with stainless steel ruler (1mm accuracy) for precise, visible water level monitoring.

Safety Features

Water stop valve installed on top of the water tank prevents overflow during unattended operation.

Technical Specifications

Model	YX-IPX7B-432L
Inner Size	L600 × D600 × H1200mm
External Dimensions	L745 × D680 × H1350mm
Maximum Test Water Depth	1.1 m
Inner Box Thickness	1.5mm
Observation Window	Tempered glass (12mm thickness), 200mm width
Water Level Display	Stainless steel ruler (1mm accuracy)
Rack Material	Stainless steel square joint
Compliance Standards	IEC60529:1989+A1:2013, ISO20653, IEC60598, DIN40050(IPX7)

Company Profile

Guangzhou Yuexin Test Equipment Co., LTD., established in 2013, covers 2350 square meters with approximately 50 employees. We specialize in IP waterproof and dustproof testing equipment with:

Professional R&D team for customized solutions

Responsive after-sales service team

25 patents and ISO9001 certification

Nominated supplier for BYD, DJI, CATL and other major companies

Global distribution network

Frequently Asked Questions

1. Are you manufacturer? Do you offer after-sales service?

Yes, we are professional manufacturers of waterproof and dustproof test equipment. We provide 12 months warranty (extendable to 14

months for international shipments) including parts replacement, repairs, and technical support. Our engineers can provide remote assistance via email or video call, with solutions typically provided within 24-48 hours.

2. What's the delivery term?

Standard machines are typically available from stock. For out-of-stock items, delivery time is 15-20 working days after deposit receipt. Urgent orders can be accommodated with special arrangements.

3. Do you accept customization service?

Yes, we offer both standard and customized machines according to your requirements, including OEM/ODM services with your logo.

4. How can I install and use the machine?

Most machines are shipped fully assembled - just connect power to begin operation. We provide English operation videos and can assist with on-site installation when necessary.

5. What languages are supported?

Standard equipment supports Chinese and English interfaces. Additional languages can be customized per user requirements.

Packing & Delivery: We provide professional, environmentally friendly packaging to ensure safe transportation of your equipment.
